Table 2. Fisher's Exact Test: Analysis of Associations Between Produce Use, Recipe Use, and Produce Familiarity ( $\mathrm{n}=76$ )

|  | Produce Use |  |  |  |  |
| :--- | :---: | :---: | :---: | :---: | :---: |
|  | All | Most | Some | None | P-value $^{\mathrm{a}}$ |
| Did you use the provided <br> recipes? |  |  |  |  | .578 |
| No | 47 | 9 | 3 | 0 |  |
| Some | 1 | 1 | 0 | 0 |  |
| Yes | 10 | 2 | 0 | 0 |  |
| How much produce were you |  |  |  |  |  |
| unfamiliar with? |  |  |  | 0 | .000 |
| None | 54 | 3 | 58 | 0 |  |
| Some | 2 | 8 | 10 | 0 |  |
| Most | 0 | 1 | 1 | 0 |  |
| All | 3 | 0 | 4 | 0 |  |
| No response | 0 | 0 | 0 | 0 |  |

Table 3. Fisher's Exact Test: Analysis of Associations Between Recipe Use, Interest in Using Produce Again, and Produce Familiarity ( $\mathrm{n}=76$ )

|  | Recipe Use |  |  |  |
| :--- | :---: | :---: | :---: | :---: |
|  | No | Some | Yes | .007 |
| Interest in using again |  |  | 12 |  |
| $\quad$ Yes | 5 | 0 | 0 |  |
| Maybe | 0 | 2 | 0 |  |
| No |  |  |  |  |
| How much of the produce |  |  |  |  |
| were you unfamiliar with? | 49 | 0 | 8 |  |
| None | 6 | 2 | 2 |  |
| Some | 1 | 0 | 0 |  |
| Most | 2 | 0 | 2 |  |
| All | 1 | 0 | 0 |  |
| No response |  |  |  |  |
