OT Search – used the "power search" – and used fields "words or phrase" (could not do more than 2 fields to search in – got error message over and over again)

***In order to export results from OT search – had to select all references, then go to save/export then RIS, then save as a txt file in the notepad, then import that to RefWorks using generic RIS format. Then export the file as an RIS file from RefWorks and import to EndNote.

1st search:

Driver OR Drivers OR Drive OR Driving

AND retirement OR Cessation OR Relinquish OR Relinquished OR Relinquishing OR giving up OR give up OR gave up OR Stop OR Stopping OR Stopped OR Cease OR Ceasing OR Ceases OR Ceased OR Quit OR Quitting OR Quits OR transition OR Transitions

The screenshot shows the OT SEARCH interface. At the top, the title "OT SEARCH" is displayed in large, stylized letters. Below the title is a navigation bar with links: "Contact Us", "Library Catalog", "Find It Fast!", "OT Thesaurus", and "AOTA". Underneath the navigation bar are links for "Go Back", "Help", and "Logout". The main search area contains a form with six rows of input fields. Each row has a dropdown menu on the left, a text input field in the middle, and a dropdown menu on the right. The first row has "words or phrase" in the dropdown, "Driver OR Drivers OR Drive OR Driving" in the input field, and "And" in the dropdown. The second row has "words or phrase" in the dropdown, "retirement OR Cessation OR Relinquish OR Relinqu" in the input field, and "And" in the dropdown. The third row has "words or phrase" in the dropdown, an empty input field, and "And" in the dropdown. The fourth row has "subject" in the dropdown, an empty input field, and "And" in the dropdown. The fifth row has "series" in the dropdown, an empty input field, and "And" in the dropdown. The sixth row has "periodical title" in the dropdown, an empty input field, and "And" in the dropdown. Below the input fields are two buttons: "Search" and "Reset". At the bottom left, there is a "language:" label followed by a dropdown menu showing "All" and a plus sign.

2nd search:

Driver OR Drivers OR Drive OR Driving

AND Transitioned OR Terminate OR Terminates OR Terminated OR Terminating OR Halt OR Halts OR Halted OR Halting OR Suspend OR Suspended OR Suspends OR Suspending OR Suspension OR Suspensions

The screenshot shows the OT SEARCH interface. At the top, the text "OT SEARCH" is displayed in large, bold letters, with "OT" in yellow and "SEARCH" in blue. Below this is a dark blue navigation bar containing links: "Contact Us", "Library Catalog", "Find It Fast!", "OT Thesaurus", and "AOTA". Underneath the navigation bar, there are links for "Go Back", "Help", and "Logout". The main search area contains a table with six rows, each with a dropdown menu for the search type, a text input field for the search term, and a dropdown menu for the connector. The first two rows are pre-filled with the search terms from the previous blocks. Below the table are "Search" and "Reset" buttons, and a "language:" dropdown menu set to "ANY".
