Valuing submerged cultural resources: A holistic approach to understanding site formation processes and site significance.

Your Amendment has been reviewed and approved using expedited review on 4/5/2021. It was the determination of the UMCIRB Chairperson (or designee) that this revision does not impact the overall risk/benefit ratio of the study and is appropriate for the population and procedures proposed.

Please note that any further changes to this approved research may not be initiated without UMCIRB review except when necessary to eliminate an apparent immediate hazard to the participant. All unanticipated problems involving risks to participants and others must be promptly reported to the UMCIRB. The investigator must adhere to all reporting requirements for this study.

If applicable, approved consent documents with the IRB approval date stamped on the document should be used to consent participants (consent documents with the IRB approval date stamp are found under the Documents tab in the study workspace).

The approval includes the following items:

Document	Description
Community Stakeholder Survey(0.01)	Surveys and Questionnaires
Community Stakeholder Survey(0.01)	Surveys and Questionnaires
Community Stakeholder Survey(0.01)	Surveys and Questionnaires
Consent Form V2(0.01)	Consent Forms
Resource Manager Survey(0.01)	Surveys and Questionnaires
Verbiage for Recruitment V2(0.01)	Recruitment Documents/Scripts

For research studies where a waiver or alteration of HIPAA Authorization has been approved, the IRB states that each of the waiver criteria in 45 CFR 164.512(i)(1)(i)(A) and (2)(i) through (v) have been met. Additionally, the elements of PHI to be collected as described in items 1 and 2 of the Application for Waiver of Authorization have been determined to be the minimal necessary for the specified research.

The Chairperson (or designee) does not have a potential for conflict of interest on this study.
